Khushboo Kumari

Full Stack Web Developer

PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer experienced in HTML, CSS, JavaScript, React, Node.js, and Express.js. Proven track record in designing visually appealing and responsive interfaces, while leveraging React and Git for efficient development. Seeking an opportunity to contribute to innovative teams and deliver impactful web applications.

WORK EXPERIENCE

CodSoft

| Internship - React.js Developer at CodSoft | July 2024 - July 2024 |

Job responsibilities:

- Developed dynamic and responsive web applications using React.js, enhancing user experience and interface functionality.
- Utilized version control systems like Git to manage codebases and streamline collaborative workflow.

PROJECTS

1. Tata 1 mg | ⊕ | 🐙
HTML5 | CSS3 | JavaScript | React | Node.js | Express.js | MongoDB | Git

- Collaborated with product managers and designers to understand project requirements and translate them into functional and scalable web applications.
- Designed and developed frontend components of the web application using React.js, ensuring a responsive and user-friendly interface.

2. revv Rental Car | ⊕ | 🐙
HTML5 | CSS3 | React | JavaScript | Node.js | Git

- Built a complete online rental car application with browsing and cart functionalities.
- Implemented responsive design for a seamless experience across various devices.
- Ensured code quality and collaboration using Git for version control.

3. Functional Clock | ⊕ | 🐙
HTML5 | CSS3 | Git | JavaScript

- Developed a wall clock application using HTML5 and CSS3, providing a customizable user interface.
- Implemented JavaScript functions to accurately display the current time, mimicking analog and digital clock styles.
